About Cosmetics Clusters – the International Network

COSMETICS Clusters

The international network

Cosmetics Clusters – the International Network is the international clusters network dedicated to innovation in cosmetics.

Cosmetics Clusters was founded upon the request of 18 cosmetics clusters worldwide, wishing to share good practices in cosmetics, and work on common projects. Cosmetics Clusters was launched in the 2016 edition of the Cosmetic 360 fair in Paris.

25 clusters members

4 from Africa ; 13 from Europe ; 4 from Asia ; 1 from French Polynesia ; 2 from South America ; 1 from North America

5 new members joined the network in 2018

- **BIOINTROPIC Cluster (Colombia)** : A network gathering the whole cosmetics value chain and stakeholders of biotechnology
- **Canadian Cosmetic Cluster** : A network to promote cosmetic raw materials and Canadian finished beauty products
- **Cluster de cosméticos de Bogota (Colombia)** : The reference network of production and commercialization of cosmetics made with natural ingredients
- **Cluster Cosmetic Corse (France)** : Corsican PAM & Cosmetics and pharmacopeia cluster
- **Cosmetics Cluster UK** : The UK membership association for the cosmetic process industries

Zoom on Cosmetics4Wellbeing European Project

Cosmetics4wellbeing tells a nice story of cooperation and is one of the outcomes of Cosmetics Clusters – the International Network.

This project, co-funded by the COSME programme of the European Union gathers 4 European clusters with the aim to support and foster the internationalization of their SMEs toward third markets.
